#### PRELIMINARY AMENDMENT

Responsive to the September 5, 2002 telephone interview with the Examiner, Applicant submits herewith amendments to the claims for the above-identified application. The Examiner is respectfully requested to enter the following amendments into the claims prior to the substantive examination of this application.

#### In the Claims:

Please cancel claims 1-34 without prejudice to or disclaimer of the subject matter contained therein.

Please enter the following new claims:

435. (New) A method for treating a human patient for congestive heart failure, comprising administering a therapeutically effective amount of a recombinant FGF-2 or an angiogenically active fragment or an angiogenically active mutein thereof into one or more coronary vessels or into a peripheral vein in a human patient in need of treatment for said congestive heart failure, said therapeutically effective amount being about 0.2  $\mu g/kg$  to 48  $\mu g/kg$ of patient weight.
